7.08 Posted Schedules

Shift and standby schedules shall be posted four (4) weeks in advance of the schedule to be worked. The schedule will cover a period of not less than two (2) weeks and not more than twelve (12) weeks unless a longer period is mutually agreed between the Constituent Union and the Employer.

The Employer shall make every reasonable effort not to change schedules once posted. The Employer shall advise any Nurse of an intended change in the Nurse's schedule as soon as it is known by the Employer.

- (a) A minimum of forty-eight (48) hours notice in advance of a scheduled shift shall normally be given when the shift to be worked is changed. A change of shift occurs when both the scheduled start time and end time for a scheduled shift are changed or the calendar date of the shift is changed.

- (c) The requirement to work additional hours continuous to an assigned shift (whether before the shift or after the shift) is not a change of schedule and the Nurse shall be compensated for the additional hours in accordance with the overtime provision of Article 7.18 (a), except as specified in Articles 7.17, 7.18 (b) and 7.24 (d).

7.16 Smoothing

- (A) Where during a regular scheduled shift rotation, a fulltime Nurse may be required to work in excess of seventy-five (75) hours in a two (2) week period, additional hours shall not constitute overtime in that two (2) week period, provided the hours of work average seventy-five (75) hours per two (2) weeks of each complete cycle of the shift schedule.

(B) Smoothing Reconciliation

- (a) When a Nurse's scheduled rotation changes but the Nurse remains an employee, and has worked more time than the Nurse has been paid for, the Employer shall compensate the Nurse as follows:
 - (i) Give the Nurse time off on shift(s) the Nurse would otherwise be scheduled to work; or
 - (ii) Pay the Nurse at the Nurse's straight time rate of pay for all hours worked in excess of hours paid.
- (b) When a Nurse's scheduled rotation changes but the Nurse remains an employee, and the Nurse owes the Employer time, the Employer shall with prior notice to the Nurse:
 - (i) Reduce the Nurse's regular earnings to eliminate the debt; or
 - (ii) By mutual agreement with the Nurse, reduce the Nurse's vacation earned by the amount owed to the Employer; or
 - (iii) Reduce the Nurse's accumulated overtime earnings to eliminate the debt; or
 - (iv) By mutual agreement with the Nurse, schedule the Nurse to work additional shifts to eliminate the time owed; or

- (v) Any combination of the above.

(C) **Termination of Employment**

A Nurse who resigns or is otherwise terminated, and who has received more paid hours than time actually worked shall agree to have the final pay reduced by the amount owed by the Nurse to the Employer, or if the Nurse had more time worked than pay, the Nurse shall be paid the amount owed upon such resignation or termination.

7.17 Nursing Coverage

Nurses agree to maintain nursing coverage for all units during the shift change subject to provisions of Article 7.18.

7.18 Overtime Provisions

- (a) Time worked as an extension to the regular scheduled shift or time worked in a bi-weekly pay period that is in excess of seventy-five (75) hours shall be compensated at a rate of one and one-half times ($1\frac{1}{2} \times$) the Nurse's regular hourly rate for the overtime worked. A Nurse who works in excess of four (4) hours overtime in any one day shall be compensated at a rate of two times ($2 \times$) the Nurse's regular hourly rate for the overtime worked.
- (b) Overtime shall not be claimed for less than fifteen (15) minutes at the end of a shift, but if overtime amounts to fifteen (15) minutes or more, the overtime rates shall apply to the total period in excess of the shift.
- (c) In computing overtime a period of thirty (30) minutes or less shall be counted as one-half ($\frac{1}{2}$) hour and a period of more than thirty (30) minutes but less than sixty (60) minutes shall be counted as one (1) hour.

7.19 Overtime Payout

- (a) A Nurse may take time off in lieu of pay for overtime worked. Such time off shall occur at a mutually agreed time. Where the Nurse chooses to take pay for overtime worked, such pay shall be paid within two (2) pay periods of the written request of the Nurse.
- (b) Nurses may be permitted to continuously carry an accumulation of up to seventy-five (75) hours. The Employer shall divide the year into four (4) quarters. At the end of each quarter, the Employer may pay out any unused overtime down to seventy-five (75) hours.

7.21 Work Area Specific Casual Lists

- (a) **Casual Availability List**

The Employer shall maintain a Casual Availability List, which shall list all eligible Nurses who have indicated a desire to be assigned casual work. Only Nurses on the recall list, permanent part-time Nurses, and casual Nurses are eligible to be on the Casual Availability List.

- (b) **Nurse(s) on Recall List**

Notwithstanding any provision of this Article, all available casual work shall be first offered to a Nurse who has recall rights provided she possesses the necessary qualifications, skills, and abilities, as determined by the Employer, reflecting the functions of the job concerned. A Nurse on the Recall List may instruct the Employer to remove the Nurse's name from a Work Area Specific Casual List at the time of layoff notice or any time during the recall period as specified in Article 32.

- (c) The Casual Availability List shall be broken down into Work Area Specific Casual Lists. The Employer reserves the right to limit the number of Nurses on a Work Area Specific Casual List and decline to add additional Nurses to the list except that a Nurse is permitted to be placed on the Work Area Specific Casual List for the Nurse's home unit.
- (d) Provided a Nurse possesses the necessary qualifications, skills, and abilities reflecting the functions of the job concerned, as determined by the Employer, a Nurse may have the Nurse's name placed on a Work Area Specific Casual List subject to Article 7.21(c).
- (e) Notwithstanding Article 7.21 (d) and that the Nurse is on the Work Area Specific Casual List for a Work Area, the Employer can bypass Nurses if it can demonstrate that the Nurse lacks the necessary qualifications, skills or abilities for a specific assignment within the Work Area. Nurses may also have their name placed on other Work Area Specific Casual Lists in accordance with (i) and (j) below.
- (f) A Nurse on a Work Area Specific Casual List is not obliged to accept an assignment when offered. However, if a Nurse is consistently unavailable when called for work on a unit, she shall be struck from that Work Area Specific Casual List unless the Nurse has notified the Employer that she shall be unavailable for work for a specific period of time or if the offered shifts that were declined were of three (3) hours or less.

- (g) It is the responsibility of the Nurse to keep the Employer informed of any changes in desire to be assigned casual work.
- (h) The assigning order for placement on a Work Area Specific Casual List is:
 - (i) Nurses on the recall list in order of their seniority;
 - (ii) permanent part-time Nurses in order of their seniority; and
 - (iii) casual Nurses in order of their seniority;
- (i) **Permanent Part-time Nurses**
 - (i) A permanent part-time Nurse may place her name on the Work Area Specific Casual Lists of her work area if she wishes to be offered casual work. Such Nurse must indicate whether she wants to be offered short assignments and/or extra shifts and/or relief shift assignments.
 - (ii) A permanent part-time Nurse may request that her name be placed on additional Work Area Specific Casual Lists. Such a request shall be considered by the Employer and the decision will be made based on operational requirements. The Nurse must notify the Manager of her home unit.
- (j) **Casual Nurses**

A Casual Nurse is hired to a home unit. A casual Nurse may request to be placed any Work Area Specific Casual List(s) subject to Article 7.21 (c).
- (k) The Employer may determine that a Nurse on the Work Area Specific Casual List no longer possesses the necessary qualifications, skills, and abilities as determined by the Employer, reflecting the functions of the job concerned. If the Employer determines that the Nurse is no longer qualified, the Nurse shall be struck from that Work Area Specific Casual List, in which case written notification shall be given to the Union and the Nurse.
- (l) In unusual situations, the Employer may request a Nurse who is not on a particular Work Area Specific Casual List to work in that work area. Such an assignment does not result in the Nurse being deemed qualified for the work area list.

7.22 Part-Time and Casual Nurses Availability Forms

- (i) All Part-Time and Casual Nurses shall indicate to the Immediate Management Supervisor (on the Part-Time and Casual Nurse Availability Form – Appendix H and I) whether or not the Nurse is interested in the assignment of shifts that are known prior to posting (extra shifts) and that are beyond the Nurse's designation as a percentage of Full-Time hours.
- (ii) Part-Time and Casual Nurses are permitted to submit a revised Availability Form indicating availability by February 1st (for April to June); by May 1st (for July to September); by August 1st (for October to December); and by November 1st (for January to March). A revised Part-Time Nurse Availability Form may be submitted

more often where mutually agreed with the Employer. Such agreement shall not be unreasonably withheld.

- (iii) When the Nurse's availability changes after the schedule is posted, a Part-Time Nurse may change noted availability and is responsible for advising the Employer as soon as possible.

7.23 "Prior to Posting" - Extra Shifts

Deficiencies in the work schedule which are known to the Employer prior to the posting of a schedule shall be considered "extra shifts".

- (a) The Employer will first grant extra shifts to Permanent Part-time and Part-Time Nurses in a Long/Short Assignment within their home unit as equitably as possible on the basis of availability as indicated on the availability form pursuant to Article 7.22.
- (b) If extra shifts still exist on a work schedule after the process in Article 7.23 (a) is complete, the Employer may grant extra shifts to Permanent Part-time Nurses and Part-Time Nurses in a Long/Short Assignment and Casual Nurses on the Work Area Specific Casual List as equitably as possible. Nurses on the Work Area Specific Casual List may be assigned extra shifts up to the point of the Nurse's indicated willingness to work extra shifts as indicated on the availability form pursuant to Article 7.22.
- (d) Extra shifts up to the point of the Nurse's indicated willingness to work shall be compensated at the Nurse's regular hourly rate for the hours worked except when the Nurse works overtime in accordance with Article 7.18.

7.24 Relief Shift Assignments

- (a) A Relief Shift Assignment becomes available after a shift schedule has been posted and does not exceed two (2) months. A Relief Shift Assignment shall be offered on a rotating basis to Nurses on the Work Area Specific Casual List. Where operational requirements permit, a Nurse may be assigned up to a maximum of five (5) shifts. In the event that a Nurse is missed in the rotation, the Nurse shall be offered the next available shift of the same duration.
- (b) A Nurse offered a relief shift is not required to accept the relief shift. Once a relief shift is accepted, the Nurse is obligated to work. The Nurse who does not report for work on the relief shift as offered and accepted shall not be entitled to any compensation for the relief shift, except a Part-Time Nurse on a paid leave of absence (ie. authorized sick leave, bereavement leave).
- (c) Accepting a relief shift shall not increase the designation of Permanent Part-time Nurse.
- (d) For clarification, a relief shift of four (4) hours or more worked by a Permanent Part-Time Nurse, a Part-time Nurse in a long/short assignment or a Casual Nurse

contiguous to another regular shift worked is not considered an extension of a shift and will not attract overtime in accordance with Article 7.18(a).

7.25 Overtime Restrictions

The Employer is not obliged to offer extra or relief shifts to a Nurse when she becomes eligible for overtime compensation.

7.26 Cancelled Shifts

- (a) Once a Permanent Nurse has accepted an extra or relief shift as set out in Article 7.23 or Article 7.24, the Employer may not cancel the shift without the mutual agreement of the Permanent Nurse.
- (b) Casual Nurses may have relief shifts cancelled with three (3) hours advance notice and there shall be no financial penalty on the Employer. In the event less notice is given for a cancelled relief shift, the Casual Nurse shall be provided with work or be paid for the cancelled relief shift.

7.27 Stand-By Provisions

- (a) Stand-By is defined as an assignment by the Employer requiring a Nurse to be readily available for work when required. The Labour Management Committee (with consultation from the Nurses affected) will meet and agree to procedure(s) for assigning Stand-By in an equitable manner, subject to Article 7.28 below.
- (b) A Permanent Nurse may only be placed on "Stand-By" for a patient care unit for which she or he holds a position.
- (c) The Employer shall pay a Nurse who is on Stand-By on a regular day twenty dollars (\$20) for each Stand-By period of eight (8) hours or less.
- (d) The Employer shall pay a Nurse who is on Stand-By on a named holiday forty dollars (\$40.00) for each Stand-By period of eight (8) hours or less.
- (e) A Nurse may be required to be on Stand-By on a day not scheduled to be at work and this assignment shall not be deemed to interrupt a day off as set out in Article 7.14.
- (f) Nurses shall not be assigned to Stand-By for more than two (2) weekends in a four (4) week period or for more than seven (7) consecutive days; unless mutually agreed otherwise.
- (g) A Nurse shall not be required to be on Stand-By while on paid vacation leave.
- (h) A Casual Nurse who accepts a Stand-By assignment is required to report for work if Called Back during the Stand-By assignment.

7.28 Voluntary Stand-By

- (a) Where the Employer intends to introduce Voluntary Stand-By to a patient care unit where it is not already a designated requirement, the Employer shall provide the Constituent Union with at least five (5) working days notice of its' intention to do so, unless otherwise mutually agreed by the Parties.
- (b) Voluntary Stand-By will only be used by the Employer as a last resort and when it is not able to fill a shift(s) with a Permanent or Casual Nurse on a straight time basis.
- (c) Voluntary Stand-By shall not normally exceed a period of ninety (90) days.
- (d) Only those Nurses who volunteer will be part of a Stand-By rotation for this limited period of time. Each such Nurse will be given the opportunity to select shifts for Stand-By on an equitable basis. The Employer will grant the selected Stand-By shifts as equitably as possible on the basis of the indicated selections.
- (e) The Employer shall pay a Nurse on Voluntary Stand-By in accordance with Article 7.27, 7.29, and 7.30.

- (d) A Nurse may take time off in lieu of pay for reporting for work on a Call Back. Such time off shall occur at a mutually agreed time.
- (e) Nurses called back shall be reimbursed for transportation to and from the work place to a maximum of ten dollars (\$10.00) per call each way. When Nurses are called back to work at a site which is not their home base, they will receive the kilometer rate or ten dollars (\$10.00) each way, whichever is greater. A Nurse who is called back to work and who reports for work shall be reimbursed for parking costs.

7.30 Rest Interval After Call Back

The Nurse shall be entitled to a rest interval of six (6) hours between the time a Nurse on Stand-By, working on a Call Back, completes a period of Call Back and the commencement of the Nurse's next scheduled shift except when the Call Back is within two (2) hours of the commencement of the next scheduled shift in which case the Nurse shall not be entitled to a six (6) hour rest interval. In situations where the Call Back begins

within two (2) hours of the commencement of the next scheduled shift, the Nurse shall complete her scheduled shift. The rest interval shall not cause a loss of regular pay for the hours not worked on the previously scheduled shift.

If mutually agreeable between the Nurse and the Employer, arrangements in variance to the foregoing will be acceptable and will not constitute a violation of this Article.

7.31 Compensation Where Rest Interval Not Taken

Subject to Article 7.30, where, because operational requirements do not permit or where mutually agreeable variations between the Nurse and the Employer are not acceptable, the rest period, pursuant to Article 7.30, cannot be accommodated, the hours worked from the commencement of the regular shift to the end of the period on which the rest period would normally end shall be compensated at the rate of time and one-half (1 ½T).

7.32 Remote Consulting on Stand-by

Nurses on Stand-by who provide telephone and/or online consulting support shall, in addition to the Standby pay set out in Article 7.27, be paid the greater of:

7.33 Communication Devices

The Employer will provide sufficient numbers of pagers or other communication devices for Nurses assigned to be on Stand-By. Such devices will be provided to the Nurse while at work for his or her scheduled shift prior to the period of Stand-By. The Nurse shall return such devices on his or her next scheduled shift, or within seventy-two (72) hours, whichever occurs first.

7.34 Semi-Annual Time Change

The changing of daylight saving time to standard time, or vice versa, shall not result in Nurses being paid more or less than their normal scheduled daily hours. The hour difference shall be split between the Nurses completing their shift and those commencing their shift.

- (b) When a Permanent Nurse agrees to work while on an approved Leave, the Nurse maintains the status of a Permanent Nurse on Leave. Any rights or protections he or she would have while on the Leave are maintained.
- (c) When a Permanent Nurse agrees to work while on an approved Leave, the Nurse is treated as a Casual Nurse for the purpose of determining pay and benefits, excluding provisions for accumulation of Seniority and movement along the increment scale.

However, a Nurse's refusal to accept recall to her same position classification title or position classification title series at the time of layoff will not result in loss of recall rights in the case of recall for occasional work or for employment of short duration of time during which she is employed elsewhere or for a recall to a position with a lower designated percentage of full-time employment.

- (e) Nurses on the Recall List shall be given first option of filling vacancies normally filled by casual workers, providing they possess the necessary qualifications, skills, and abilities, as determined by the Employer, reflecting the functions of the job concerned. 32.23 Contracting Out

At the time that the Employer gives notice to the Union of its intention to contract out, the Employer shall make a conditional TSP

The Employer shall disclose its reasons for contracting out when notice is provided pursuant to Article 32.23(a).

(c) Union Response

The Union shall be entitled to make proposals, including proposals on ways to avoid contracting out, within four (4) weeks of receiving notice pursuant to Article 32.23(a). The Union's suggestions should specifically address the reasons for the contracting out.

(d) Employer Response

After receipt of proposals or suggestions from the Union pursuant to Article 32.23(c), the Employer shall consider these proposals. The Employer shall either accept or reject, in whole or in part, such proposals. At this time, the Employer shall either make the TSP payment offer unconditional or retract the TSP payment offer.

(e) Hiring Preference

The Employer will make every reasonable effort, where work normally performed by members of the bargaining unit is contracted out, to obtain jobs for Nurses who have not exercised their rights under Article 32.23(d) and who are directly affected by the contracting out with the Contractor. - (i) required bidders to give Nurses a preference in hiring for job opportunities that will arise if they are successful in their bid;
- (ii) met with the Union to give the Union an opportunity to put forward its views on how the Nurse can try to obtain employment with the Contractor; and,
- (iii) met with the successful bidder and sought to make it a term of the contract with the Contractor that the Contractor must:
 - (1) interview Nurses for job opportunities available with the Contractor to perform the contracted out work;
 - (2) where the hiring to perform the contracted out work is subject to appropriate skills testing, offer to test Nurses;

This placement will be by seniority, subject to consideration of ability, experience, qualifications, or the Employer establishing that special skills or qualifications are required according to objective tests or standards reflecting the functions of the job concerned.
- (ii) Where the Nurse refuse a placement, the salary of which is at least seventy-five percent (75%) of the present salary of the Nurse's current position, the Nurse is deemed laid off. The Nurse will be entitled to severance as follows:
 - (1) One-half (1/2) month's pay if she has been employed for three (3) years, but less than ten (10) years;

One (1) month's pay if she has been employed for ten (10) years, but less than fifteen (15) years;

Five months' pay if she has been employed for thirty (30) or more years.

- (2) The amount of severance pay provided herein shall be calculated by the formula:

(i) **Further TSP Payment Offers**

The process of expanding the offer of TSP payment to other classification(s)/classification groupings and areas will be repeated until all those Nurses whose positions have been declared redundant as a direct effect of the contracting out are placed.

ARTICLE 33: TRANSITION SUPPORT PROGRAM

33.00 In order to avoid layoffs, Nurses selected in accordance with TSP shall receive a severance payment in return for their voluntary resignation. TSP requires that a reduction in the staff complement occurs as a result of each TSP severance payment offered.

1.1 Voluntary Resignation and Seniority

Where the Employer intends to reduce the number of Nurses within a classification or classification group, and where the Employer has been unable to place Nurses whose positions have become redundant, the Employer will offer to Nurses in the affected classification or classification group the opportunity to resign with a TSP payment in order to avoid the need for layoff(s).

Where an offer to a classification of Nurses (or classification grouping) for resignation results in more volunteers than is required to meet the need, the decision as to who receives severance will be determined on the basis of seniority.

Where the Employer can demonstrate to the Joint Committee on Technological Change that the Employer cannot accommodate the resignation of that number of Nurses volunteering to resign or that other operational considerations are necessary, the Employer reserves the right to restrict the TSP offer. For example, where too many volunteers within a classification are from within a single work area, it may not be possible to permit all to resign at once. A phase-out procedure may be utilized to maximize the number of volunteers who actually resign.

1.2 Joint Committee on Technological Change

The Joint Committee established in accordance with the Agreement will be responsible:

- (i) to determine the classifications within a bargaining unit that are able to be considered a classification group for the purposes of this Program. A classification group may only include the Classifications requiring the same threshold qualifications and abilities. Where there are different requirements in a classification such as license, registration, certification, special skills or supervisory responsibilities, the classifications would not normally be grouped.
- (ii) to assess the operational requirements surrounding the Employer's requirement to limit the number of the Nurses to receive voluntary resignation offers;
- (iii) to review and clarify the impact of resignations on service delivery;
- (iv) to participate in the process of notifying displaced and laid off Nurses of their options under this Program; and

to address issues that may arise in respect of the interpretation and application of this Program.

1.3 TSP

The TSP shall be presented to Nurses on a "window-period" basis, as determined by the Employer.

1.4 Displacement Process

- Step 1: At the point where the Employer decides the number of Nurses within a classification or classification group to be reduced, notification will be given to the Joint Committee on Technological Change. Following Joint Committee consultation, this information shall be made known to Nurses within that classification or classification group accompanied by a request for indications in writing of interest in voluntary resignation.
- Step 2: Nurses shall have seventy-two (72) hours following receipt of the notice to submit their Expression of Interest form.
- Step 3: The Employer will assess the level of interest and determine provisional acceptance subject to operational requirements, in accordance with item 1.1 of this Program. This determination will be made in consultation with the Joint Committee On Technological Change and as soon as is reasonably possible following the seventy-two (72) hour response time.
- Step 4: Nurses shall, within seven (7) days following a meeting with a representative of Human Resources, indicate their decision with

respect to voluntary resignation. The actual date of resignation will occur with the agreement of the Employer. Upon resignation, the Nurse will be entitled to the TSP payment in accordance with this Program.

- Step 5: (a) Article 32 of the Collective Agreement applies to Nurses whose positions are eliminated due to the reduction of the number of Nurses in a classification or classification group. These Nurses shall be considered to be redundant pursuant to Article 32.12 of the Collective Agreement and shall have the rights of a redundant Nurse.
- (b) Any Nurse displaced in accordance with the provisions of the Agreement shall be given seventy-two (72) hours to express their interest in TSP in accordance with Step 2 above. Those expressing an interest will have their application processed in accordance with Step 4 above. Where a Nurse declines the TSP opportunity, the Layoff and Recall provisions of the Agreement shall apply.
- Step 6: (a) Where the Employer reaches its reduction target through this voluntary method, the process would end.
- (b) Where the number of voluntary resignations with TSP payment is less than the number of Nurses in the classification or classification group to be reduced, the Employer shall identify those Nurses who are subject to layoff. Before any Nurse receives a notice of layoff, the employer will notify the Nurse who will have seventy-two (72) hours to express an interest in TSP in accordance with Step 2 above. Those expressing an interest will have their application processed in accordance with Step 4 above. Nurses who decline the TSP opportunity shall be issued layoff notice in accordance with the provisions of the Agreement.

1.5 Salary Protection

Nurse who accept placement in a position at a lower rate of pay, shall have their previous rate of pay maintained for such period as set out under this item.

Where the Nurse's previous rate of pay exceeds the rate of forty thousand (\$40,000) per year, that rate of pay shall be maintained for a period of six (6) months from the date of placement in the lower-paying position. Thereafter, the Nurse's protected rate of pay shall be reduced by ten (10) percent or the maximum rate of the new classification, or the rate of forty thousand (\$40,000) per year, whichever is the greater rate. The rate of pay will remain at this reduced level (subject to any regular Collective Agreement regulated changes) for a further period of twelve (12) months, after which the rate of pay will be reduced to the maximum of the lower-paying position.

Where the Nurse's previous rate of pay is equal to or less than the rate of forty thousand (\$40,000) per year, or less, that rate of pay shall be maintained (subject to any regular Collective Agreement regulated changes) for a period of eighteen (18) months, after which the rate of pay will be reduced to the maximum of the lower-paying position.

1.6 Reduced Hours and TSP Payment

Nurses who accept an alternate position under this Program and as a result have a reduction of hours shall not qualify for a TSP payment.

1.7 Release Form

Nurses accepting voluntary resignation will be required to sign a release statement verifying their resignation and agreement to sever any future claim for compensation from the Employer or obligation by the Union for further services except as provided in this Program in exchange for the TSP payment.

1.8 Casual Shifts

It shall only be for extraordinary operational needs that the Employer will utilize on a casual basis, a Nurse who has resigned with a TSP payment under this Program during the period covered by the applicable notice payment period.

1.9 TSP Severance Payment

The amount of TSP payment shall be equivalent to four (4) weeks' regular (i.e. excluding overtime) pay for each year of service to a maximum payment of fifty-two (52) weeks' pay and for a minimum payment of eight (8) weeks' pay. Where there is a partial year of service, the TSP payment will be pro-rated on the basis of the number of months of service. A Nurse who resigns in accordance with these provisions and is eligible to receive a pension under the NSHEPP Pension Plan or the Canada Pension Plan and commences receiving the pension immediately following the completion of the TSP payment, shall also be entitled to receive the Retirement Allowance under Article 19 of the Collective Agreement. The maximum combined TSP and Retirement allowance payment shall not exceed fifty-two (52) weeks. The retirement allowance will be paid to the Nurse at the earliest opportunity in accordance with the provisions of the *Income Tax Act of Canada*.

1.10 Formula for Part-time Hours

In determining the extent of the existing part-time relationship of a Nurse at the time of resignation, layoff or other application of this program where the hours worked are not regular due to working additional shifts, the average of the Nurse's hours worked during the six (6) month period preceding the severance (or average over the preceding period of part-time employment where that period is less than six (6) months) will be used.

1.11 Continuation of Benefits

Nurses in receipt of a TSP payment will be entitled to continue participation in the applicable group insurance and benefit plans for the length of the TSP payment period. During such period the contributions will be cost shared in accordance with Article 40.00 of the collective agreement. It is understood that the Employer's obligations in this respect do not apply to plans for which the Nurse is currently responsible for the full cost of contributions.

1.12 Re-employment Considerations

It is intended that TSP participants not be re-employed by an acute care employer during their TSP payment period. For purposes of this program, acute care employer includes the following employers: Nova Scotia Health Authority and Izaak Walton Killam Health Centre. A Nurse in receipt of a TSP payment who is re-employed with an acute care employer will be required to repay an amount equal to the remaining portion of the TSP payment period. The repayment may be achieved through a payroll deduction plan that provides for full recovery over a period that is no more than twice the length of the remaining TSP payment period or through a lump sum payment. The Nurse has the right to determine the method of repayment.

1.13 Number of Nurses

Notwithstanding anything in this Agreement, the Employer is only required to provide a TSP payment to the same number of Nurses as the Employer has reduced its complement.

1.14 Severance Payment Method

It is understood that the method of payment of the severance (for example, lump sum or incremental payment schemes) shall be determined by the Nurse, provided that the total amount of payment is fully paid within the applicable notice payment period (not greater than fifty-two (52) weeks). That is, lump sum payments or other incremental payment schemes are possible.

1.15 Transition Services / EAP

Nurses covered under this program will be allowed to participate in any Regional Transition or EAP programs available to health sector Nurses in the province.

1.16 Transition Allowance

Nurses who resign with a TSP payment will be eligible for a transition allowance up to a maximum of \$2,500. This sum may be utilized for one or a combination of the following:

- to assist in offsetting the costs in moving to accept a position with another employer, which is located a distance of 50 kilometers or more from the site of their previous usual workplace; and
- to cover the cost of participation in employer-approved retraining programs. The Employer will not unreasonably withhold such approval.

In all cases Nurses will require receipts for recovery of expenses. Only expenses incurred during the TSP severance payment period following the date of resignation are eligible for reimbursement under this Program.

NSNU

15.05 Required Education

- (a) The Employer shall provide and fund any Employer required training/education for a Nurse.
- (b) The Employer will make every effort to arrange for the presentation of the required training/education during a Nurse’s scheduled hours of work.
- (c) Any time spent in such training or educational sessions shall be considered time worked but will be paid at the regular hourly rate of the Nurse. For the purposes of this Article, time spent travelling to an education session at a distance in excess of two hundred and fifty (250) kilometres round trip from the Nurse’s home site will be considered time worked and will be compensated on the following conditions. Travel time will be calculated at the rate of one (1) hour for each one hundred (100) kilometres traveled. A Nurse will only be compensated for travel time for required education if the total travel time plus the time spent in the education session exceeds the normal shift length of the Nurse and for which the Nurse is already being compensated.
- (d) A Nurse may take the time in lieu at a mutually agreed time. A Casual Nurse (except a Casual Nurse while in a Temporary Position) shall be entitled to compensation as pay only.
- (e) When a Nurse Practitioner is required by the Employer to attend courses, the Nurse Practitioner is required to schedule such course(s) into his or her regular hours of work.
- (f) The Nurse (including Casual Nurses) shall be reimbursed for authorized costs related to registration fees, textbook costs and course fees. Other related costs for travel, lodging and meals will be reimbursed in accordance with the Employer’s travel policy.

C. NURSING PRACTICE AND NURSING LEADERSHIP PREMIUMS

Nursing Practice and Nursing Leadership premiums are offered to qualifying Nurses. These premiums are intended to recognize and encourage Nursing leadership activities and are provided as an alternative to former "Special Units".

Effective October 31, 2011, the annual supplement is eight hundred fifty dollars (\$850.00). To be eligible for a premium for a twelve (12) month period commencing November 1 of each year, a Nurse must earn seventy (70) points for the Nursing Practice Premium and sixty (60) points for the Nursing Leadership Premium by participating in Employer approved activities. The initial list of these activities along with the relative weight for each is included in this Appendix for illustrative purposes. It is understood that these initial lists are not exhaustive but will guide the Employer in determining relative point values for other approved activities.

In order for a Nurse to qualify for either premiums s/he must attain the required points based on the relative weights assigned to the approved activities. The Nurse must maintain a record of recognized educational or leadership activities completed in the previous 12 month period. The Nurse must submit written proof of these activities on the form provided as Appendix "C" to the Employer by October 31st each year. The premium shall be effective following proof for the twelve (12) month period from November 1 to the following October 31st. Effective October 31, 2011 these premiums shall be paid in full in a lump sum on or before December 15th in the year to Nurses who achieve eligibility for them in accordance with this Appendix. These premiums shall be prorated for Part-time and Casual Nurses based on the regular hours paid in the twelve (12) month period from the previous November 1 to October 31 for the year of eligibility.

In order to qualify for the Nursing Practice premium a Nurse must claim points in at least two categories. A Nurse who qualifies for either premium shall be paid an annual supplement of **\$850**.

A Nurse may qualify for one of the education premiums from Category A, the premium from Category B and either or both of the Nursing Practice and Nursing Leadership Premiums from Category C.

The Nurse must meet the Portability criteria in accordance with Memorandum of Agreement #1 Nova Scotia Nurses Union Nurse Mobility.

If a disagreement arises concerning a Nurse's eligibility for a Nursing Practice or Nursing Leadership Premium, the matter shall be submitted to LMC for resolution. If LMC is unable to resolve the matter, the Union may refer the matter to arbitration. An Arbitrator's jurisdiction in any grievance filed under this provision shall be restricted to a determination of whether the Employer's discretion was exercised in a reasonable manner.

Nurses are required to receive authorization from their manager prior to claiming a webinar. Such Authorization shall not be unreasonably denied.

If the learning is required to fulfill your role or if it is a general employee expectation, the points cannot be claimed. For example education on ROP's on a non-Nursing subject, new equipment, policies or basic nursing competencies does not apply.

If the learning is required to fulfill your role or if it is a general employee expectation, the points cannot be claimed. EXPLANATION OF NURSING LEADERSHIP PREMIUM CATEGORIES

The Nursing Leadership Premium is intended to recognize and reward those Nurses who demonstrate additional leadership contributions beyond what is merely expected of them in the course of their work, either through their individual involvement in activities in their workplace or their personal commitment to professional development of themselves through formal education or others (through mentoring) and/or advancement of the nursing profession and nursing practice in a variety of ways. The following lists are not exhaustive and are provided for illustrative purposes only.

A. COMMITTEE/TASK FORCE INVOLVEMENT (for Hospital, District, Province, Union, Professional Organization or Association or Agency)

Many nurses sit on various committees that meet regularly throughout the year. In order to claim for the correct number of points the Nurse must indicate the number of times she has been present at the Committee. For example: A committee may meet 9-12 times per year but the Nurse has only been able to be present 4 times. The nurse will check off that s/he is part of a committee that meets 9-12 times a year, but will fill in the claim form indicating the number of meetings she has attended. Points will be awarded based on the meetings attended by the nurse. Please note we have a gap in the times that can be claimed...so if the committee meets 7-8 times, check off 9-12 times. The points will be awarded based on 9-12. If the Nurse is required to participate on a committee as part of her position responsibilities points cannot be claimed for the committee work.

- Chair of a committee/task force that meets 9-12 times per year (20 points)
- Member of a committee/task force that meets 9-12 times per year (15 points)
- Chair of a committee/task force that meets 4-6 times per year (15 points)
- Member of a committee/task force that meets 4-6 times per year (10 points)

B. PROFESSIONAL ASSOCIATION INVOLVEMENT

Member- This category can only be claimed if you are currently a member in good standing with your Professional Association on Oct 1st each year. If your membership has expired at the time of the submission, you cannot claim for this. Please note if you are member of a National or Provincial organization that automatically makes you a member of a local association then you can only claim for the "parent" organization. E.g. When you join the Canadian Association of Critical Care Nurses you are automatically a member of the NS Chapter. You only claim for being a member at the National level.

Executive Member: You would claim this according to the office you hold within your Professional Association (including NSNU Provincially and at the Local Union Level). If you claim for this, you do not also claim for being a member as higher points are awarded to recognize the fact you are a member who holds an office with that Association.

- Maintains an active membership in a Professional Association Special Interest Group (eg Canadian Association of Critical Care Nurses; National Emergency Nurses Association etc)

- Holds office in a professional nursing organization or special interest: with subheadings for National, Provincial or Local level and further subdivided to recognize if you are President vs a Member of the Executive.

	President	Executive	Member

Provincial/Local	20 points	15 points	10 points

The following things can also be included:

C. PUBLICATIONS/PRESENTATIONS

To claim for publication, you must have been published in the past 12 months of the claim period. You need to also provide information on where, when and the name of the conference you presented at. **Nurses can only claim once for the same publication.**

- Publication in a peer-reviewed professional journal or textbook (25 points)
- Publication in a non-peer-reviewed journal (eg. Hospital newsletter, Union newsletter, local paper or publication) (10 points)
- Speaker at a National Conference (25 points)
- Speaker at a Provincial Conference (20 points)
- Speaker at a Local Conference (20 points)
- Speaker at a hospital-based in-service session (10 points)
- Poster Board Presenter at a National Conference (20 points)
- Poster Board Presenter at a Provincial Conference (15 points)
- Poster Board Presenter at a Local Conference (15 Points)
- Poster Board Presenter at a hospital-based Conference (10 points)

If a Nurse claims points for speaking at a Conference, the Nurse cannot also claim Practice Premium points for attending the Conference, unless the Nurse attended the conference in full (not just the time spent speaking).

In addition the following qualifies:

- ✓ Presents info to colleagues from a conference you attended (10 pts) (must be at least one hour in duration)
- ✓ Member of a panel speaking on a topic is half the value of being a speaker on your own to a minimum of 5 points.

D. RESEARCH

To claim for anything in this category the research must be in progress, or started or completed at any time within the 12 month claim period. - Conducts a literature review as part of a research study (5 points)

E. UNIT RESOURCE/SKILL/CONTENT EXPERT PERSON (20 points)

Points are awarded in consultation with your Manager. This category is intended to reward those individuals who take on “additional” duties and a leadership role related to additional support/expertise/oversight needed by colleagues within your unit or work area around implementation or ongoing support for something of which your expertise is specifically being designated for that support. (e.g. is a content expert for implementation of medication reconciliation project, central line expert, elder-friendly, Family-centred care.

It would be rare for a Clinical Leader to be able to claim for this as this would be an expectation of Care Coordination already embedded in the CL role. There are also many specialty services where nurses regularly do this as part of their job duties. To claim for any points in this category, consultation with your Manager is required. (5 points)

Develops/Revises a new policy/procedure – May be claimed for each new policy/procedure the nurse develops. Note: If you are the Policy Person for your Unit and/or on a Policy Committee and your work is to develop/update policies and procedures then you have been awarded points under the Committee section to recognize this and you cannot also claim for points in this section. This section is intended to recognize and reward the nurse who takes the initiative to develop policies above and beyond what is expected of her/him in her role.
(5 points)

Serves as a Preceptor- varying lengths of time- The period of time that can be claimed is only the weeks that are designated formally for the Preceptor to be working with the Preceptee who is new to your Unit or a student. If you have more than one person you precept in a year, add them together to determine the number of weeks (months) and claim for the appropriate timeframe. Identify who you have precepted and the exact time frame. Points are either 15 or 25 depending on length of time you precepted.

Serves as a preceptor for 1-3 months – 15points

Serves as a preceptor for 4-6 months – 25 points

Note: Precepting a student nurse or other allied health professional is recognized as well, but with a different amount of points awarded (see below).

Appendix “D”

DEFERRED SALARY LEAVE PLAN

(a) Purpose

- (i) The Deferred Salary Leave Plan is established to afford Nurses the opportunity of taking a self-funded leave of absence not to exceed twelve (12) consecutive months.
- (ii) When the leave of absence is taken for the purpose of permitting the full-time attendance of the Nurse at a designated educational institution (within the meaning of subsection 118.6 (i) of the *Income Tax Act*) the leave shall not be for less than three (3) consecutive months and in any other case not less than six (6) consecutive months.

(b) Terms of Reference

- (i) It is the intent of both the Union and the Employer that the quality and delivery of service to the public be maintained.
- (ii) A suitable replacement for the Nurse on leave will be obtained where required, and the incumbents filling any position(s) temporarily vacated as a result of such leave will be subject to the provisions of the collective agreement.
- (iii) Approval of applications under this Plan is subject to operational requirements and will not be unreasonably denied. Any permitted discretion allowed under this Plan will not be unreasonably exercised.

(c) Eligibility

Any Permanent (i.e., not applicable to a Casual Nurse) Nurse is eligible to participate in the Plan.

(d) Application

- (i) A Nurse must make written application to his/her Chief Executive Officer or his/her delegate at least three (3) calendar months in advance, requesting permission to participate in the Plan. A shorter period of notice may be accepted if deemed appropriate by the CEO or his/her delegate. Entry date into the Plan for deductions must commence at the beginning of a pay period.
- (ii) Written acceptance or denial of the request, with explanation, shall be forwarded to the Nurse within two (2) calendar months of receipt of the written application.
- (iii) If after operational requirements are considered there is a conflict between two or more Nurses, that conflict will be resolved on the basis of Seniority.

(e) Leave

- (i) The period of leave as provided in the Income Tax Regulations will be a period from six (6) to twelve (12) consecutive months except in the case of educational leave where the minimum period is three (3) months.
- (ii) On return from leave, the Nurse will be assigned to his/her same position unless:
 - (a) such position no longer exists, in which case, the Nurse will be governed by the appropriate provisions of the collective agreement, or
 - (b) the Nurse has accepted alternate employment with the employer (eg. A promotion)
- (iii) Sub-section 6801 (i) (v) of the Income Tax Regulations states that after the leave the Nurse "is to return to his/her regular employment with the employer or an employer that participates in the same or a similar arrangement after the leave of absence for a period that is not less than the period of the leave of absence."

(f) Payment Formula and Leave of Absence

The payment of salary, benefits and the timing of the period of leave shall be as follows:

- (i) During the deferral period of the Plan, preceding the period of the leave, the Nurse will be paid a reduced percentage of his/her salary. The remaining percentage of salary will be deferred and placed in a trust account. The accumulated amount plus the interest earned shall be retained for the Nurse in trust by the Employer to finance the period of leave. The money will not be accessible to the Nurse until the leave period except as provided in Section (h).
- (ii) Income Tax and Canada Pension Plan contributions are to be withheld from the gross salary less the deferred amounts during the deferral period and from the deferred amounts when paid to the Nurse during the period of leave. Employment Insurance premiums are to be based on the Nurse's gross salary during the period of the deferral and no premiums are to be withheld from the deferred amounts when paid.
- (iii) The calculation of interest under the terms of this Plan shall be done monthly (not in advance). The Employer will consult with the financial institution maintaining the trust account to provide a rate of interest which is reflective of the nature of this plan. (eg. Averaging the interest rates in effect on the last day of each calendar month for: a true savings account, a one (1) year term deposit, a three (3) year term deposit and a five (5) year term deposit). The rates for each of the accounts identified shall be those quoted by the financial institution maintaining the trust account. Interest shall be based upon the average daily balance of the account and credited to the Nurse's account on the first day of the following calendar month). Even though the interest is accrued and is not paid to the Nurse until the period of leave, it must be reported as income on the Nurses's T4 and is subject to tax withholdings in the taxation year it is earned during the deferral period.

- (iv) A yearly statement of the value of the Nurse's trust account specifying the deferred amount and interest earned will be sent to the Nurse, by the employer.
- (v) The maximum length of the deferral period (the term during which the Nurse has pay withheld to fund the leave period) will be six (6) years and the maximum deferred amount will be 33 1/3% of annual salary. The maximum length of any contract under the Plan will be seven (7) years.
- (vi) The Nurse may arrange for any length of deferral period in accordance with the provisions set out under (f)(v).
- (vii) All deferred salary plus accrued interest shall be paid to the Nurse at the commencement of the leave or in accordance with such other payment schedule as may be agreed upon between the Nurse and the Employer.

(g) Benefits

- (i) Deferral of salary will not alter the Nurse's employment status. While the Nurse is enrolled in the Plan prior to the period of leave, any benefits related to salary level shall be structured according to the salary the Nurse would have received had he/she not been enrolled in the Plan.
- (ii) A Nurse's benefits will, at his/her option, and subject to the specific provisions of the Plan(s) text, be maintained by the Employer during the Nurse's leave of absence, however, all premium costs for such benefits shall be paid by the Nurse during the leave.
- (iii) While on leave, any benefits related to salary level shall be structured according to the salary the Nurse would have received in the year prior to taking the leave had he/she not been enrolled in the Plan.
- (iv) Subject to the provisions of the Pension Plan text, Pension Plan contributions shall continue during the leave period with the Nurse and Employer each contributing its share and the period of leave shall be a period of pensionable Service.
- (v) Pension Plan deductions shall be made on the salary the Nurse would have received had he/she not entered the Plan or gone on leave.
- (vi) Sick leave will not be earned during the period of leave, however, accumulated sick leave to the commencement of the leave period will accrue to the Nurse upon his/her return from the leave.
- (vii) The period of leave will be a period of Service for the accumulation rate for retirement allowance and vacation.
- (viii) Vacation credits will not be earned during the period of leave; however, vacation earned up to the date of the deferred leave but unable to be taken prior to the date of the commencement of the leave period, will accrue to the Nurse upon the Nurses' return from the leave.

- (ix) Throughout the period of the leave of absence the Nurse shall not receive any salary or wages from the Employer, or from any other person or partnership with whom the Employer does not deal at arm's length, other than
 - (A) the amount by which the Nurse's salary or wage under the arrangement was deferred;
 - (B) the reasonable fringe benefits that the Employer usually pays into or on behalf of the Nurse.

(h) Withdrawal

- (i) A Nurse may withdraw from the Plan in unusual or extenuating circumstances, such as, but not limited to, financial hardship, serious illness or disability, family death or serious illness, or termination of employment. Withdrawal must be submitted in writing, detailing the reason(s) therefore, as soon as possible prior to the commencement of the leave.
- (ii) A Nurse who is laid-off or has his/her employment terminated during the deferral period may withdraw from the Plan or leave the accumulated contributions plus interest in the fund pending the exhaustion of recall rights or possibility of reinstatement. In such case the employer will continue as trustee for the deferred fund notwithstanding any termination of the employment relationship.
- (iii) In the event of withdrawal, the Nurse shall be paid a lump sum equal to any monies deferred plus accrued interest. Repayment shall be made as soon as possible but not later than sixty (60) calendar days of withdrawal from the Plan.
- (iv) Should a Nurse die while participating in the Plan, any monies accumulated plus interest accrued at the time of death shall be paid to the Nurse's estate as soon as possible, but not later than two pay periods following notice being given to the employer.

It is the intent of the Parties that in no circumstance shall the Nurse receive an increase of income while in receipt of WCB with the exception of increments and pay increases. In such case, the Nurse must provide a written undertaking to the Employer and the required notification to the WCB that the initial payment(s) from the WCB is to be provided directly to the Employer on behalf of the Nurse, up to the level of the payment advanced by the Employer.

NU16.04 WCB and Return to Work

This benefit applies to a Part-Time Nurse on a pro-rata basis.
- (b) This advance of paid sick leave credits may not be granted when the Nurse has suffered a workplace injury for which benefits are payable under the *Workers' Compensation Act*.
- (c) This advance of paid sick leave credits may not be granted when the Nurse is able to access any accumulation in his or her paid vacation leave credits, paid holiday leave credits, and/or lieu time.
- (d) The advanced paid sick leave credits shall be paid back through accumulated sick leave earned upon return to employment by the Nurse.
- (e) A Nurse will not be permitted to borrow sick leave credits again until all previously borrowed credits have been repaid in accordance with this Article.

work, should the subsequent medical documentation confirm the original documentation that the Nurse was able to return to work. No deductions will be made from her or his sick leave credits for this time.

2. The following persons shall serve as a panel of single arbitrators:

4. The arbitrator, in consultation with the parties, shall convene a hearing of the grievance not later than forty (40) days from being appointed. Memorandum of Agreement #1

Nova Scotia Nurses Union Nurse Mobility

The provision of this Article apply to NSNU members only .

In the event an Employer rehires a Nurse to a Permanent Position within six (6) months of the Nurse leaving or an Employer hires a Nurse to a Permanent Position to commence work within six (6) months of the Nurse leaving employment from a position in any other bargaining unit represented by the Nova Scotia Nurses' Union in the Province of Nova Scotia, the Nurse shall have Service with the previous Employer recognized for sick leave entitlement, vacation entitlement, retirement allowance, and placement on the increment scale (and advancement).

Accumulated sick leave credits shall be recognized by the hiring Employer.

Qualifying periods under the Benefits Plans of the hiring Employer will be as set out in the Plans.

This provision is not applicable if the Nurse has been terminated for cause or retired in accordance with the NSHEPP Pension Plan.

This provision is not applicable to Casuals.

Memorandum of Agreement #2

Pay Plan Review Transition

1. The parties will establish a Pay Plan Review Committee, composed of four representatives each of the Council and the Employers, to review all current Nurse Bargaining Unit Classifications. A representative of HANS will also participate on the Committee in a non-voting, ex-officio basis, and will act as Chair of the Committee.
2. The Committee will report its findings to the Employers and the Council of Nursing Unions for consideration within one year of the effective date of this collective agreement.
3. The recommendations from the Pay Plan Review Committee will be referred to the next round of bargaining.

Memorandum of Agreement #3 80/20 Positions

The parties agree to enter into a Memorandum of Agreement for the utilization of an 80/20 Position for Registered Nurses and Licensed Practical Nurses. The terms of the position along with the applicable hours of work and overtime provisions shall be included in this MOA. The MOA will expire at the end of this Collective Agreement.

Where the Employer determines a need for an 80/20 position due to operational needs, or a Nurse identifies an opportunity for an 80/20 position, the Employer may post a short assignment within the bargaining unit. The short assignment may be no less than one (1) month and no more than six (6) months in duration. It shall be filled in accordance with Article 12.

If approved for such a position, a Nurse will continue to be scheduled for 80% of the regular, full-time hours they normally work. The other 20% of the regular, full-time hours will be made up by providing mentoring, precepting, research, and other types of supporting activities to other employees and students, as determined by the Employer. No additional compensation is provided to Nurses who work in these positions.

A Nurse may be appointed to an 80/20 position once in a twelve (12) month period unless the applicant is the only qualified applicant to apply for a subsequent position.

Memorandum of Agreement #4 Restricted Postings

Whereas the parties acknowledge that there are some specific areas where staffing is a challenge it is agreed that the Employer can make a request to the Union that an internal or external job posting in that area be made conditional on the successful applicant being required to remain in the position for a fixed period of time not to exceed twenty-four months.

During the fixed period the successful applicant will not be eligible to make application in an internal job posting process for any position that is the same FTE status and same classification that commences prior to the end of the fixed period. This would not prevent a Nurse from applying for and being awarded a position with a greater FTE status than the "restricted posting", or a position compensated at a higher wage rate.

The job advertisement for the position will indicate that movement is restricted and the successful applicant will be notified in the letter of hire.

The Employer may waive the restriction on written application from a Nurse to apply for a position during the restricted period.

Consent from the Union to post a restricted internal or external posting will not be unreasonably refused where retention concerns, turnover issues or service delivery challenges are demonstrated in the requesting work area.

MEMORANDUM OF AGREEMENT #5

Establishing a Single Group Insurance Plan for All Employees of the NSHA and IWK

WHEREAS as of the effective date of their collective agreements the NSHA and IWK (the “Employers”) together provide three different Group Insurance plans for their Employees;

AND WHEREAS the parties have agreed that it is mutually beneficial to move all Employees to a single Group Insurance plan;

AND WHEREAS the parties have agreed that the Provincial Group Benefits Committee (the “Committee”) should review all of the Group Insurance plans currently in place, and make a recommendation to the Employers as to which Group Insurance Plan will be adopted for all Employees;

NOW THEREFORE the parties agree as follows:

1. The Committee will review all current Group Insurance plans provided by the Employers, with the aim of making a recommendation to the Employers as to which single plan will be adopted going forward for all Employees.
2. The parties agree that the adoption of a single plan must be cost-neutral.
3. The Committee may hire a third party consultant in order to assist with its review, the costs of which will be borne by the Employers.
4. The Committee’s recommendation will be made to the Employers within one (1) year of the effective date of this collective agreement.
5. The Employers will move all Employees into a single Group Insurance plan within one (1) year of receiving the Committee’s recommendation.
6. Until there is a new single Group Insurance plan covering all Employees in the unit, the existing Group Insurance plans will remain in place, including current governance structures.
7. Any time limits provided in this MOA may be adjusted on mutual consent of the Employers and the Council.
8. The parties agree that Arbitrator Kaplan retains jurisdiction to resolve any disputes arising out of the resolution of this MOA.

Memorandum of Agreement #6

For the purposes of this MOA, "Legacy Carry-Over Banks" includes all vacation credits earned but not taken under past terms and conditions of employment and collective agreements with any of the predecessor Employers.

To "Top Up" STI

Nurses may use these credits to top up Short-Term Illness benefits. For each day on which the Nurse is in receipt of Short-Term Illness the Nurse may use her sick bank to "top up" the Nurse's Short-Term Illness benefit to one hundred per cent (100%) of salary. Twenty five percent (25%) of the day shall be deducted from the sick bank for each twenty five percent (25%) "top up".

WCB Earnings Replacement Supplement

Nurses may use these credits to supplement the earnings replacement benefit paid by the Workers' Compensation Board equal to the difference between the earnings replacement benefit received by the Nurse under the Act and the Nurse's net pre-accident earnings. The percentage amount required to achieve the top-up to net pre-accident earnings shall be deducted from the sick bank for each day of the supplement.

B Nurses transferring from STI to accrued sick leave

A Nurse with a position where general leave and short-term illness benefits are provided who accepts a position in a location where they accumulate credits for sick leave with pay shall be credited with a sick leave bank of 11.25 hours for each 162.5 regular hours paid in the 8 years before the effective date of accepting the new position less all hours that the Nurse has received general leave for illness or injury or short-term illness benefits during the 8 years before the effective date of accepting the new position.

C Nurses transferring from PH/AS/CC (former DHAs 1 – 8) STI to former CDHA STI

A Nurse with a position in Public Health, Addiction Services and Continuing Care (PH/AS/CC) in former DHAs 1 through 8 where general leave and short-term illness benefits are provided who accepts a position in the former CDHA where general leave and short-term illness benefits are provided shall be entitled to a sick leave bank of five days or, if the Nurse has been employed in their PH/AS/CC position for more than one year at the time the Nurse accepts the position in the former CDHA, a sick leave bank of ten days, to be used for the following purposes for a period of twelve months from the date of transfer:

To Cover STI/LTD Gap

Nurses may use any sick bank credits to cover off any period between the end of Short-Term Illness Leave (“STI”) entitlement and the date on which they would normally become eligible for LTD. Nurses who are not covered by a long term disability plan or who have time in their sick leave bank may use their sick leave banks for the period for which they are sick after the one hundred (100) days for Short-Term Illness has been used, until their sick leave bank is exhausted. The Nurse’s sick bank shall be reduced by one day for each day of entitlement under this section.

To “Top Up” STI

Nurses may use these credits to top up Short-Term Illness benefits. For each day on which the Nurse is in receipt of Short-Term Illness the Nurse may use her sick bank to “top up” her Short-Term Illness benefit to one hundred per cent (100%) of salary. Twenty five percent (25%) of the day shall be deducted from the sick bank for each twenty five percent (25%) “top up”.

WCB Earnings Replacement Supplement

Nurses may use these credits to supplement the earnings replacement benefit paid by the Workers’ Compensation Board equal to the difference between the earnings replacement benefit received by the Nurse under the Act and the Nurse’s net pre-accident earnings. The percentage amount required to achieve the top-up to net pre-accident earnings shall be deducted from the sick bank for each day of the supplement.

TRANSITIONAL AGREEMENT RE: JOB SHARING
AND DEFERRED LEAVE

WHEREAS the parties to this Memorandum of Agreement came into existence on April 1, 2015 as a result of the *Health Authorities Act*;

AND WHEREAS the collective agreements then current between the predecessor employers of IWK and the constituent unions of the Council (the Original Collective Agreements) continued in force until the settlement of a new collective agreement between IWK and the Council (the New Collective Agreement);

AND WHEREAS there may be Nurses of IWK who, at the time the New Collective Agreement comes into effect (the Effective Date), are in job sharing arrangements or on prepaid leave plans (deferred salary leaves, etc.) governed by provisions of one of the Original Collective Agreements;

THEREFORE the parties agree that:
